6	JOHN J. LAMANNA, et al., : Defendants :	7	Q. Mr. Sapko, my name is Rich Lanzillo. I represent
7 8		8	the Plaintiffs in these various related actions. I have
9	Deposition of MARTIN SAPKO, taken before and	9	scheduled your deposition today to ask you some questions
10	by Janis L. Ferguson, Notary Public in and for the Commonwealth of Pennsylvania, on Tuesday, December	10	primarily concerning conditions at the UNICOR facility at
	19, 2006, commencing at 11:51 a.m., at the offices	11	FCI McKean.
11	of Knox McLaughlin Gornall & Sennett, PC, 120 West 10th Street, Erie, Pennsylvania 16501.	12	Both my questions and your responses will
12 13		13	ultimately be transcribed by Janis, our court reporter. To
14		14	ensure that the transcript is clear, I would ask that you
15	For the Plaintiffs: Richard A. Lanzillo, Esquire	15	respond to each of my questions verbally, as opposed to
16	Knox McLaughlin Gornall & Sennett, PC 120 West 10th Street	16	shaking your head. Janis can miss that, and we could end up
17	Erie, PA 16501	17	with an incomplete transcript.
18	For the Defendants: Michael C. Colville, Esquire, AUSA	18	Also, if you're going to answer my question in the
19	Office of the United States Attorney	19	affirmative, I'd ask you to use the word "yes", and if
20	700 Grant Street, Suite 4000 Pittsburgh, PA 15219	20	you're going to answer in the negative, use the word "no".
21	Douglas Goldring, Esquire	21	Words or phrases like "uh-huh" or "huh-uh" are often
22	Federal Prison Industries (UNICOR) 400 First Street NW	22	ambiguous on the record.
23	Washington, DC 20534	23	And, finally, most importantly, if at any time you
24		24	do not hear my question clearly or if you do not understand
25	Reported by Janis L. Ferguson, RPR, CRR Ferguson & Holdnack Reporting, Inc.	25	it, because of the way I phrased it, let me know that. I'll

18	<ul> <li>Q. During your tenure as factory manager at the</li> </ul>
19	UNICOR facility, did you ever report any occupational health
20	or safety issues to Ms. Forsyth or Mr. Housler?
21	<ul> <li>A. The only one that I reported was the one that</li> </ul>
22	Mr. English wrote about with Mr. Bevevino.
23	Q. And to whom did you report that?

A. I reported it to Miss Forsyth.

Q. Did you discuss it with Mr. Housler?

A. All the foremen on the floor. Except for the --

- A. Not that I can remember.
- Q. And in your own words, what was the nature of the
- 3 issue that Mr. English reported to you regarding
- 4 Mr. Bevevino?

1

- 5 A. Well, that he had -- that OSHA had come in on --
- 6 like around April 16th, and they were looking for certain
- 7 MSDS sheets in our MSDS book, and they couldn't find them in
- 8 the right place. So Mr. English talked to Mr. Bevevino when
- 9 he came in that night and told them that they couldn't find
- 10 them, and he said that Mr. Bevevino got very defensive, and
- 11 that you guys were all pussies around here, and if you guys
- 12 aren't going to do something about it, I am.
- 13 Q. Was it related to you by Mr. English that
- 14 Mr. Bevevino had concerns about materials being released
- 15 from Micore board when it was being used in the facility?
- 16 A. I don't know if he specifically said Micore board
- $\,$  17  $\,$  or not. He just said there's materials here that have
- 18 carcinogenic in it.
- 19 Q. And after Mr. English reported that information to
- 20 you, did you convey it to Ms. Forsyth?
  - A. I think Mr. English conveyed it to both of us in a
- 22 memo.

21

24

2

- 23 Q. And did you discuss it with Miss Forsyth?
  - A. I would have discussed it with Miss Forsyth.
- 25 Q. And what did she say in response to the

- Page 11
- 1 regularly work with that Micore board, would they not?
- 2 A. Certain areas would.
- 3 O. Sawing and cutting of Micore board took place
- 4 within the facility?
  - A. Yes, it did.
  - Q. Did you ever observe those operations while you
- 7 were plant manager?
- 8 A. Well --
  - Q. Factory manager.
- 10 A. Sometimes I would be walking through the factory

16

- 12 Q. Do you have an office?
- 13 A. Yes.
  - Q. Where was that located?
- 15 A. Up in the mezzanine, above the factory floor.
  - Q. And how often were you present on the factory
- 17 floor itself?
- 18 A. I'd try to get down to the floor a couple times a
- 19 day. Usually first thing in the morning when I got there,
- 20 I'd try to go around and see what the night shift might have
- 21 done. And then probably sometime after lunch I would try to
- 22 get down, if I had enough time.
- Q. Did your responsibilities include monitoring
- 24 production and schedules and the like?
- 25 A. Yes.

- 1 information?
  - A. I don't remember specifically.
- 3 Q. Did you report that information to Ms. Forsyth
- 4 shortly after Mr. English conveyed it to you?
- 5 A. I think Mr. English had given Miss Forsyth a memo,
- 6 so she would have had it also.
- 7 Q. Did you discuss that information with Ms. Forsyth
- 8 shortly after you received the memo from Mr. English?
- A. I possibly could have. I don't remember it
- 10 offhand.
- 11 Q. You don't remember the timing?
- 12 A. No.
- 13 Q. Do you remember any of the substance of your
- 14 conversation with Ms. Forsyth regarding the information
- 15 conveyed by Mr. English, either verbally or in the form of a
- 16 memo?
- 17 A. No.
- 18 Q. When the UNICOR facility at FCI McKean
- 19 manufactured furniture products --
- 20 A. Um-hum.
- 21 Q. -- it utilized materials known as Micore board --
- 22 A. Yes.
- 23 Q. -- is that correct?
- 24 A. Yes.
- Q. And the inmates within the facility would work,

- Page 12
  Q. On the occasions that you were present on the
  - 2 factory floor, you did periodically see inmates cutting the
  - 3 Micore board?
    - A. Yes.

4

- 5 Q. All right. On the occasions that you observed
- 6 inmates cutting the Micore board, did you notice how many
- 7 boards at a time they would cut?
- 8 A, I think they could cut anywhere from one to four
- 9 boards, depending on the thickness that they would cut,
- 10 depending on -- we had two different sizes of Micore that we
- 11 used different times throughout the --
  - Q. So the number of boards would vary?
- 13 A. Yes.
- 14 Q. And when you observed the inmates cutting the
- 15 Micore board, were the inmates wearing any type of a mask?
- 16 A. Some of them would wear a dust mask, if they
- 17 wanted it.
- 18 Q. You say "if they wanted it". What do you mean by
- 19 that?
- 20 A. It was optional. If they wanted it. Because we
- 21 had a dust-collection system.
- Q. The inmates were not required to wear a mask? It
- 23 was purely their option?
- 24 A. No, I think OSHA, after they came in, they said
- 25 they could recommend that they could wear a mask.

associated with Micore board?	2	c
A. There was a complaint. I believe it was an	3	

- 3 4 anonymous complaint back in 2001.
- Q. Do you know who originated the complaint back in 5
- 6 2001?

7

- A. No idea.
- Q. After the complaint in 2001, and before the OSHA 8

- A. Before when? 10
- 11 Q. Between the Complaint that was received in 2001
- 12 and the OSHA inspection in 2003, did you review any MSDS

- 14 A. No.
- 15 Q. Am I correct that to your knowledge, the UNICOR

- any potential health hazards associated with the cutting of 17
- 18 Micore board?
- 19 A. Not that I can remember.
- Q. The use of masks in the facility, that was purely 20

- 22 A. Yes. They were available to anybody that wanted

- 24 Q. But it was purely their option, was it not?
- 25 A. Yes.

- A. Yes.
- 6 Q. Okay. Other than that, were there any other
- 7 requirements for clothing?
- 8 A. No, not that I can think of.
  - Q. Are you familiar with a material known as Lokweld
- 10 860/861?

9

11

14

19

- A. Yes.
- 12 Q. Okay. What is your understanding as far as that
- 13 substance?
  - A. It's a glue we use for our post forming line.
- Q. And in what area or areas of the UNICOR facility 15
- 16 was Lokweld utilized?
- 17 A. In our midwest -- midwest post forming machine.
- 18 Q. Where is that located?
  - A. It was located right below the mezzanine on the
- 20 factory floor.
- 21 Q. And explain to me how the Lokweld was utilized in
- 22 the post forming operation with that machine.
- 23 A. We had drums, 55-gallon drums, and we kept them in
- 24 a flammable cabinet. And it was pumped from there into the
- 25 spray booth, where automatic heads sprayed the glue onto the

- Q. And am I correct that there was no training 1

- A. That would also be in our safety videos or through 4
- 5 the foremen themselves.
- 6 Q. But, to your knowledge, there was nothing in the
- 7 safety videos dealing with when to use a mask and when not
- to, was there? 8
  - A. I don't know. I didn't watch a lot of videos. I
- was usually working, and they are showing them every month. 10
- Q. So if that's in there, you're not personally aware 11
- 12 of it.

9

- 13 A. No.
- Q. And you have no personal knowledge of any 14
- supervisor providing any training regarding when an inmate
- would want to utilize a mask during operations at UNICOR. 16
- Is that a correct statement? 17
- 18 A. Yes.
- Q. Were there any policies in place at UNICOR 19

- particle board and onto the laminate. And then it would go
- 2 through a drying tunnel, and then they would put the piece
- 3 of laminate on top of the particle board and send it down
- the line, put it through a pinch roller, where it would
- pinch the two together, and it would go down the line 5
- 6 further, and then there would be a -- heaters in the post
- forming part of the machine where it would bend the laminate
- 8 around the edge of the particle board. It was a rounded
- 9 edge.
- 10 Q. Was Lokweld used in any other area of the
- 11 facility?

14

23

- 12 It was used in another part of the factory.
- 13 Special projects area.
  - Q. How was it utilized there?
- 15 A. We would make furniture for different parts of the
- institution, and they would get some of the Lokweld and put 16
- 17 it in -- a small amount in a five-gallon bucket, and they
- 18 would take a roller and roll it onto the laminate or -- and
- 19 glue it onto the particle board that way.
- 20 Q. So the Lokweld would be transferred to a
- 21 five-gallon bucket, and then that five-gallon bucket would
- 22 be positioned in the special projects area?
  - A. Yes.
    - Q. And how did the inmates apply the Lokweld? Did
- 25 they take a brush, dip it in the bucket?

Pag	е	21
I UU	•	

- 1 A. Took a roller, usually a small roller, dipped it 2 in the bucket, then rolled it onto the laminate or onto the 3 particle board.
- 4 Q. Was there any requirement that inmates use any 5 type of a mask in that operation?
- 6 A. No

9

- Q. To your knowledge, was there any specific training
- 8 provided regarding the use of Lokweld?
  - A. No.
- 10 Q. Did you ever have any conversations with Robin
- 11 Bevevino regarding air quality, Micore board, or Lokweld?
- 12 A. No. The only thing was that memo that Mr. English 13 did.
- Q. And by "that memo", let me just have you identify that.
- 16 (Discussion held off the record.)
- Q. I'm going to show you what was previously marked
- 18 as Housler Deposition Exhibit 2. And tell me if that's the
- 19 memo to which you're referring. And for clarification --
- 20 A. The date is not right.
- 21 Q. The date is wrong?
- 22 A. Yeah, the date is wrong.
- Q. That memo, am I correct, would have been dated
- 24 sometime in April of 2003?
- 25 A. Yes.

- 1 A. (Witness complies.) I can't think what the other
- 2 one was right now. I thought there was a third one. It
- 3 might come to me.
- 4 Q. Okay. In any case, your recollection is that
- 5 after you received a copy of the memo that's been marked as
- 6 Housler Exhibit 2, you ordered new MSDS sheets for Micore
- 7 board and for Lokweld.
- 8 A. Yes.
- 9 Q. Other than that, did you take any other action?
- 10 A. No.
- 11 Q. I'm going to show you what was previously marked
- 12 as Housler Exhibit 1. This is a document received from the
- 13 U.S. Department of Labor, Occupational Safety and Health
- 14 Administration. And, actually, there's three pages, I
- 15 think, to that document. Let me put those together for you.
- 16 Take a minute and review Housler Exhibit 1 and tell me if17 you have ever seen that before.
- 18 A. (Witness complies.) No, I haven't seen -- this is
- 19 all together?
- 20 Q. Yes.
- 21 A. Oh.
- 22 (Discussion held off the record.)
- 23 A. No, I -- I have never seen this.
- 24 Q. Take a look at the first page of Housler Exhibit
- 25 1. You'll see that there's a handwritten narrative there

- 1 Q. All right. And as I understand it from counsel,
  - what happens is when that memo is reprinted from the
- 3 computer system, there's an automatic date update. That's
- 4 why you're seeing a 2006 date.
- 5 So with that clarification and that correction, is
- 6 that the memo --
  - A. Yes.
- 8 Q. -- that you're referring to?
- 9 A. It looks like it, yes.
- 10 Q. Okay. Did you personally investigate or look into
- 11 any of the matters described in the memo that's been marked
- 12 as Housler Exhibit 2?
- A. I would have talked to Miss Forsyth about that,
- 14 because I know she got one.
  - Q. And other than discussing this memo with
- 16 Ms. Forsyth, did you take any further action regarding the
- 17 content of the memo?
- 18 A. With Mr. Bevevino?
- 19 Q. With anyone.
- 20 A. I ordered -- I called and got new -- new upgraded
- 21 MSDS sheets on the Micore, the Lokweld, and -- I forget what
- 22 the other one was now.
- 23 Q. There was some other material? Go ahead. If you
- 24 would like to look at Exhibit 2 to try to refresh your
- 25 recollection.

- review that and then tell me if there's anything in that
- 3 description with which you would disagree factually.
  - A. (Witness complies.) I don't -- what -- what is
- 5 that right there (indicating)?
  - Q. BOP. Bureau of Prisons staff.
- A. I didn't -- I never heard about any complaining
- about any irritation of their eyes or their skin. I mean,
- we had a dust-collection system in there that would suck
- 10 everything out of the air that I ever saw.
- 11 Q. Do you have any knowledge, Mr. Sapko, of any
- 12 complaints of skin, eye, or respiratory irritation?
- 13 A. No. I never heard anybody complain about it.
- 14 Until Michael Hill.
- 15 Q. You learned of Mr. Hill. Did you learn of any
- 16 other complaints?
- 17 A. There was a few others after Mr. Hill. I think
- 18 Mr. -- another Mr. Hill, Mr. Ward, and Mr. Kelly.
- 19 Mr. Siggers.
- 20 Q. I understand that there was some air testing done
- 21 in connection with the OSHA inspection. Do you have any
- 22 knowledge of that?
- 23 A. Some, yes.
  - O. What is the extent of your knowledge regarding the

Mr. Sapko, let me ask you just a couple questions.  The memorandum from Mr. English concerning the Bevevino discussion, did that memorandum reach your desk before or after the OSHA investigation of 2003?  A. It would have got to me  (Witness asked for clarification by the reporter.)  A. I said it would have been after, because  Mr. Clabaugh came in on the 16th, and Mr  Q. So when you were asked about what actions you took or what investigation you did as a result of that, contemporaneously with receiving that memo you had an understanding that OSHA was there investigating the very

If you told him that he could that we would take him off the work floor until OSHA came in and did their testing  A. Because we knew OSHA was coming in to test. Q. Okay. I see. A. And we knew OSHA was coming in to test, and we actually, I think a couple days later they told him that he could come back to work, but he did not want to come back to work until he until the OSHA tests were in. Q. All right. Ultimately, the OSHA tests were conducted, and we have those results. A. Yes. Q. Were those results shared with Mr. Hill? A. I believe so, yes. Q. And did was he offered or allowed to come back at that point? A. Well, yes, after that. But, I mean, he came back before that and wanted to get hired back in UNICOR. And we told him I told him that the OSHA report wasn't in. Miss Forsyth later told me that he could come in and work.  MR. COLVILLE: That's all I have. Doug, do you

Now, with regard to the citations that were issued, concerning their findings or the investigation, do you know of any citation issued that wasn't corrected by BOP? A. No, I do not. No, they were all corrected. Q. At any time prior to Michael Hill coming and complaining to you, did any inmate or staff member ever complain to you about their belief that they were injured while working on the work floor as a result of Micore products or Lokweld products? A. No. Q. Did anybody come to you, staff or inmate, and ask that they be provided with a respirator while working with Lokweld or Micore board? A. No. No one ever came to me. Q. When Michael Hill came to complain to you about what did he complain to you about? A. He didn't actually complain to me personally. He sent a BP-8, I think, to I don't know who it actually went to. But we had a meeting up up in one of the units. They called all the called the safety department, his	2 3 4 5 6 7 8 9 10 11 12 13 14 15 16 17 18 19 20 21 22	Q. I'm not following that. 1	BY MR. LANZILLO:	1	Q. And certain violations dealing with the lack of a
2		2	system for notification of hazards associated with products
3	Q. Just a quick follow-up to make sure I'm clear on	3	such as Lokweld and Micore board, they were described as
4	the sequence here.	4	"other"? Do you remember that?
5	There was a Complaint to OSHA in 2001, correct?	5	A. No.
6	A. Yes.	6	Q. Okay. When is the last time you reviewed the OSHA
7	Q. Then there was some other complaint prior to OSHA	7	report?
8	notifying you that they were coming in, in 2003. Correct?	8	A. Probably after we had all of the recommendations.
9	A. I'm not sure. I know there was an anonymous one,	9	MR. LANZILLO: That's all. Thank you.
10	but I don't know what the time frame was.	10	MR. COLVILLE: No other questions. We'll waive.
11	Q. All right. Well, you've got a 2001 complaint, and	11	(December and detailed at 12 to 12 to 12
12	then there was an OSHA inspection commencing in April of	12	(Deposition concluded at 12:40 p.m.)
13	2003. Right?	13	
14	A. (Witness nods head.)	14	
15	Q. You have to say yes.	15	
16	A. Oh. Yes. Sorry.	16 17	
17	Q. Is it your understanding that that OSHA inspection was prompted by someone's complaint?	18	
18	A. Yes.	19	
19 20	Q. Okay. And then after you learned that OSHA was	20	
21	coming in to inspect, you received a complaint from Kenny	21	
22	Hill.	22	
23	A. I think it was Michael Hill.	23	
24	Q. Michael Hill, excuse me. Michael Hill. Yes.	24	
25	A. Yes.	25	
	A. Toli		
	Page 34		
1	Q. Okay. And you also received, after that point,		•
2	complaints from other inmates similar to Michael Hill's		
3	complaint.		
4	A. Yes.		
5	Q. Now, in response to one of Mr. Colville's		
6	questions, you indicated that the folks at OSHA told you		
7	and this is a quote, I think. Quote, everything we were		
8	doing was all right or was right, but they had some		
9	recommendations to make?		
10	A. They didn't actually tell me that, you know. They		
11	just there was recommendations. I just thought		
12	everything was okay, if they were only recommendations.		
13	Q. Would you agree with me that OSHA issued a number		
14	of citations to the facility?		
15	A. Yes.		
16	Q. Many of which were classified as serious		
17	violations.		
18	A. What do you mean by "serious"?		
19	Q. That OSHA described a number of violations as		
20	serious violations in their report to you. Are you aware of		
21	that?		
22	A. I didn't realize they were that serious, no.		
23	Q. Okay. Did you consider any of the violations		
24	identified in the OSHA report to be serious violations?		
25	A. Some possibly could be, yes.
